

17^{ème} JOURNÉE SFR BIOSCIENCES

**Fluorescence: the
colours of life**

27/06/2025

**Chateau de Monchat,
69003 Lyon**

Fluorescence : the colours of life

17^{ème} Journée SFR Biosciences
27/06/2025

Programme

08h30-9h00

Welcome

café - croissants

08h45

Introduction to the SFR

Yann Leverrier, SFR Director

09h00 - 09h45

Keynote lecture: Basics about fluo

Dominique Bourgeois (Institut de Biologie Structurale, Grenoble)

09h45 - 10h05

Pushing the limits of bacterial time-lapse imaging with new fluorescent proteins

Nathan Fraikin (MMSB)

10h05 - 10h25

Nanoformulations for the nose-to-brain delivery and their monitoring using imaging systems

Marie BOLON (LBTI)

10h25 - 10h30

Company flash talk

nom du fournisseur

10h30 - 11h00

Coffe break

11h00 - 11h20

Talk 3

Yu Gu (IVPC)

11h20 - 11h40

Talk 4

Bénédicte Charrier (IGFL)

Fluorescence : the colours of life

17^{ème} Journée SFR Biosciences
27/06/2025

Programme

11h40-12h00

Talk 5

Karina Jouravleva (LBMC)

12h00-12h30

**4 Flash Talks Technology
Development SFR-funded
projects**

12h30-14h00

**Lunch Break, coffee, poster
and exhibition tables**

14h00 - 14h20

**"Multicolor imaging to study
developmental dynamics".**

Carlos Galvan-Ampudia (RDP)

14h20 - 14h40

Talk 7

Daphné Laubretton (CIRI)

14h40 - 15h00

**"Co-localization single-molecule
spectroscopy reveals specificity and
function of Argonaute protein-mediated
pathways."**

Karina Jouravleva

15h00 - 15h45

Keynote lecture

Oscar Fornas (Universitat Pompeu Fabra, Barcelona)

15h45 - 16h05

Concluding remarks

nom intervenant

16h05

Farewell coffee break
